

SQUARE THE GAME

#of participants ≥ 2

Time Limit: none

Each participant will:

1. Choose a (new) colored pen.
2. Choose a point in the whitespace of the paper.
3. Start drawing a 2" x 2" square from the point of your choosing.
4. Continue drawing squares starting from your chosen point; each subsequent square has to be bigger than the previous one in the set.
5. Stop if
 - your set of squares have crossed squares from another set
 - your set of squares have been crossed by squares from another set
6. Color the intersection between sets of squares with **red** marker.

Repeat this process from step 1 to 6 until no new 2" x 2" square can be drawn in the whitespace.
